The official publications of the American Association of Critical-Care Nurses
Reach the members of the world’s largest specialty nursing organization.

107,000 high acuity and critical care nurse members

Advertise in the *American Journal of Critical Care, Critical Care Nurse, AACN Bold Voices* and *AACN Advanced Critical Care*. Delivered to the members of AACN or paid subscribers each month, they are the top publications to reach critical care nurses. AACN journals are carried by more than 800 academic and healthcare institutional libraries in the U.S. and abroad. With multiple publications, websites and an e-newsletter, it’s never been easier to reach critical care nurses and track your success – creating ideal environments for your advertising message.

Nurses rely on AACN for expert knowledge and influence. When you advertise with AACN, your message will be surrounded by high-quality, peer-reviewed content you know will be seen by high-interest readers – both AACN members and non-member subscribers. These influential decision-makers are your best prospects in the field of critical care nursing, and the dynamic power of AACN ensures your message greater reach and continuous sales exposure.

About AACN

The American Association of Critical-Care Nurses (AACN) is the world’s largest specialty nursing organization. AACN joins the interests of more than 500,000 critical care and acute care nurses who care for critically ill patients and their families, and serves more than 202,000 members, certificants and nurse constituents. AACN, established in 1969, has grown along with the significance of critical care and acute care nurses.

Mission

Patients and their families rely on nurses at the most vulnerable times of their lives. Acute and critical care nurses turn to AACN for expert knowledge and the influence to fulfill their promise to patients and their families. AACN drives excellence because nothing less is acceptable.

Purpose

The purpose of AACN is to promote the health and welfare of patients experiencing acute and critical illness or injury by advancing the art and science of acute and critical care nursing and promoting environments that facilitate comprehensive professional nursing practice.

Mechanical Requirements

Ad Requirements
Electronicsubmissions only.
Electronic ads must be submitted as high-resolution PDF, EPS or TIFF. Minimum 300 dpi. Quark XPress EPS files are not acceptable.
ALL fonts (both screen and printer versions) and graphics must be included on the disk or embedded in PDFs.
Ads must be submitted in the correct size (full page, half page, etc., allowing for bleed if ad is to bleed; see “Ad sizes”) and orientation (vertical or horizontal per insertion order). All ad files must be constructed properly. For example: 4-color ads must be constructed in CMYK with no use of spot colors. (If any PMS colors are in the ad the creator of the ad must convert those colors to CMYK.) Any ads intentionally printing with spot colors must be constructed with the proper PMS colors; PMS colors must be indicated and called out on the color proof. Ads to print in black and white must be constructed using grayscale, bitmap, or line art accordingly, rather than CMYK or spot colors, or “rich black” or “Registration” in place of black. Ads must be converted within the native layout application or flattened in Acrobat using the High Resolution Flatten Presets. Any ads not following these guidelines will be returned to the advertiser for correction if time permits; otherwise, they will be corrected at the printer and printer charges will be billed to the advertiser accordingly. AACN, the printer, and SLACK Incorporated take no responsibility for color shifts or other quality problems that occur when ad files must be corrected at the printer because of poor construction or improper submissions from advertisers or their agencies. Late ads are subject to additional fees.

All ads must include a proof. Color ads must include color copy that can be matched on press (examples: tearsheets; digital proof such as an iris, chromalins, matchprints). Color photocopies or color laser printouts are not acceptable.

Insertion Information

1. Commission and Cash Discount
   a) **Agency commission:** 15% gross billings on space, color, cover and preferred position charges.
   b) **Cash discounts:** 2%, within 10 days of invoice date. No discount allowed after this period.

2. General Rate Policy
   a) **Effective Rates and Discounts:** Beginning January 2017 for all advertisers.
   b) **Earned Rates:** Full run: Earned rates are given to advertisers based on advertising frequency within a 12-month period. The earned rate is determined by the number of insertions. A spread counts as two insertions. Full-page and fractional pages count as single insertions. Each page of an insert counts as one insertion.
   c) **Combined Earned Frequency:** Advertisers may combine advertising space units run in *Critical Care Nurse, AACN Advanced Critical Care*, the *American Journal of Critical Care* and *AACN Bold Voices* to achieve maximum rate frequency.

3. Insert Requirements
   a) **Size:**
      - Two- to eight-page inserts: 8½" x 11¼" to trim to 8½" x 10¾"; supplied folded.
      - Two-page inserts: minimum paper weight, 70 lbs.
      - Four-page (and greater): minimum paper weight, 60 lbs.
   b) **Inserts:**
      - Two-page inserts: 3x earned black-and-white rate.
      - Four-page inserts: 5x earned black-and-white rate, by special request only. Consult advertising office. Perforations are subject to approval and/or additional cost. Contact advertising department for insert tip-in charge.

4. Extensions
   If an extension date for material is agreed upon and ad material is not received by the Publisher on the agreed upon date, the advertiser will be charged for the space reserved.

5. Cancellations
   If, for any reason, an advertisement is cancelled after the closing date, the Publisher reserves the right to repeat a former ad at full rates. If the advertiser has not previously run an ad, the advertiser will be charged for the cost of space reserved. Neither the advertiser nor its agency may cancel advertising after the closing date.

6. Advertising Acceptance Policy
   All advertising is subject to approval by AACN. Publisher reserves the right to refuse any advertising at any time.

7. Disposition of Material
   Ad material will be held one year from the date of last insertion and then destroyed.

8. Publisher’s and Representative’s Liability
   The Publisher and Advertising Sales Representative will not be liable for any failure to print, publish, or circulate all or any portion of any issue in which an advertisement accepted by the Publisher is contained if such failure is due to acts of God, strikes, war, accident or any circumstances beyond the Publisher’s control.

9. Indemnification of Publisher
   In consideration of publication of an advertisement, the advertiser and the agency, jointly and separately, will indemnify, defend and hold harmless the magazine, its officers, agents and employees against expenses (including legal fees) and losses resulting from the publication of the contents of the advertisement, including, without limitation, claims or suits for libel, violation of right of privacy, copyright infringements or plagiarism.

10. Billing Policy
    Billing to the advertising agency is based on acceptance by the advertiser of “dual responsibility” for payment if the agency does not remit within 90 days. The Publisher will not be bound by any conditions, printed or otherwise, appearing on any insertion order or contract when they conflict with the terms and conditions of this rate card.

To compare dosing requirements and effect of norepinephrine in obese and non-obese patients, we sought to determine if severe sepsis and septic shock require lower weight-based doses of norepinephrine and similar effect on mean arterial pressure.

**Objective**
- Explain the relationship between drug concentrations of norepinephrine and effect on mean arterial pressure.

**Methods**
- Analysis of data on the use of norepinephrine in severe sepsis and septic shock was conducted.

**Results**
- The median score on 6 of 7 survey questions changed significantly from before to 6 months after implementation of early mobilization.

**Conclusion**
- Early mobilization of intubated patients decreases length of stay and decreases occurrence of ventilator-associated complications in the SICU.
